

Headteacher Recruitment Working Group

I have been charged by this group to seek the views of members on the following issues

- 1. Structural/systemic obstacles or challenges to becoming a Headteacher**
- 2. Disincentives to becoming a Headteacher**
- 3. Incentives which if introduced would encourage you to become a Headteacher**

The working group would also like to hear of good practice in relation to supporting Headteachers in post from across Scotland

It would be of assistance to me in making a case on behalf of SLS if you could provide me with your views and information by Friday 3 March.
